#### **KIT GLAISYER: WEST DORSET PAINTINGS**

Bridport-based artist Kit Glaisyer is presenting a 5-day Pop-up exhibition of his large West Dorset landscape paintings at Poundbury's Jubilee Hall from Weds 22 - Sun 26 November. The exhibition offers a captivating journey through Kit's lifelong connection to the region, presenting a series of large oil paintings up to 10-foot wide that vividly capture the very essence of West Dorset.

Kit is a well-known figure in Bridport and has been painting West Dorset for over twenty years, based first at St Michael's Studios, and more recently, at his studio and gallery at 11 Downes Street, which he now opens every Friday and Saturday from 10am to 4pm.

His painting process begins with an Impressionist touch, capturing the immediacy of a fleeting moment. He then methodically applies thin paint layers over several weeks or months, creating vibrant tapestries of light and colour, a patient approach to painting that harks back to 19th-century European Romantic artists and the American Hudson River School.

In 'West Dorset Paintings,' Kit offers a moving visual journey, mixing a lively contemporary exuberance with a steadfast devotion and deep connection to the venerable traditions of art.
